### Partnership Newsletter

CCC/IOU advocates, promotes, and supports energy efficiency in the California Community College system by leveraging contributions from the [Community College Chancellors Office](#), individual community college districts, and the four California investor-owned utilities, including: [Pacific Gas & Electric \(PG&E®\)](#), [Southern California Edison \(SCE®\)](#), [Southern California Gas \(SCG®\)](#), [San Diego Gas & Electric \(SDG&E®\)](#).

Our Partnership helps all participants achieve common goals for energy use reduction, cost savings, and fostering a more sustainable future. Additionally, the CCC/IOU Partnership plays a major role in the ongoing success of the California Clean Energy Jobs Act of 2012 (Proposition 39) within the Community College System.

## Do you have any planned sustainability projects?

We are working to develop a pipeline of energy efficiency projects within the California Community College system.

**Complete this questionnaire** or contact Lisa Imai at [limaiefpps.us](mailto:limaiefpps.us) to provide us with your district/campus information.

### Benchmarking: How to Comply

The Building Energy Benchmarking Program requires campuses to report energy use to the California Energy Commission annually.

We can help you take the necessary steps:

1. Open an account in [ENERGY STAR Portfolio Manager](#).
2. Enter each disclosable campus into your account.
3. Enter the energy use data for each disclosable building or connect with utilities to set up automatic monthly data uploads.
4. Click the appropriate reporting link on the Energy Commission's benchmarking page, [www.energy.ca.gov/benchmarking](http://www.energy.ca.gov/benchmarking), which will direct you to log into Portfolio Manager.
5. Submit your report from within Portfolio Manager.

Contact Lisa Imai at [limaiefpps.us](mailto:limaiefpps.us) to get started!

### Upcoming Events

**NorCal Summit**
